*The Legend of English set is the result of an extremely meticulous and detailed process. In each of our books, we aimed for our students to learn at the highest level. In accordance with the one hundred percent curriculum, increasing the success of both school and exams is the most focused part. As it is known, instead of traditional questions, new generation questions are gaining importance at all school levels. In this sense, each of our books can be considered in a separate category in order to support our students' high-level cognitive processes such as reasoning, inference, and interpretation while achieving the objects of the English course. But all of them are capable of meeting all your needs in all aspects. It is the greatest source of happiness for us to know that your English level has improved or we have contributed to this process thanks to our books. May the success and happiness you desire be permanent throughout your life.*
